The I.D. Checking Guide is a publication of the Drivers License Guide Company.

The Guide is used for reference and training wherever verifying identification is important. A revised edition is published every February.

Quantity prices and distributorship programs are available upon request.

The contents of this publication may not be reproduced, or adapted to electronic use in any form, whether in whole or in part, without express written consent of the copyright owner.

Material in this volume has been carefully checked for errors, omissions, and inaccuracies. However, in the event of any of these occurrences, the publisher cannot be responsible and assumes no liability.
How to Use the Guide

**Description:**
Physical characteristics of the licenses help stop counterfeits, illegal laminations, etc.

**Minor's license:**
Most states identify minors and help you spot altered licenses.

**Validation:**
These points are key indicators of copied or altered licenses.

**License number:**
Many license numbers are coded to include initials, birth date, etc. Trips up altered licenses.

**Insta-check:**
Quick reference to special features for minor's ID, use of ultraviolet security, and more.

**Shows every valid license**
Including licenses no longer issued, but still good.

Actual size and full-color reproductions.

**Definition of Terms**

**CDL:** Commercial Driver's License.

**Current License:** Indicates a license that is being issued by the licensing agency.

**Headbar:** The band across the top of some licenses, usually in color with the name of the state or province.

**Hologram:** 3D images that appear to change when viewed from different angles.

**Laminate:** A plastic film enclosing the license that may include security features.

**Optical Variable Device (OVD):** Security feature that changes color or shape when tilted.

**Photo Backdrop:** The color behind the driver in a photo license.

**Prior License:** A previously issued license style. It will no longer be valid when the last of those licenses expires or cannot be extended.

**Retroreflective:** A lens-like surface on the laminate of the card that makes certain data beneath it viewable only with a special viewer and from certain angles.

**UV (Ultraviolet):** Security image that reacts to ultraviolet light. See UV symbol.

**Validation:** The state seals, stamps, special type styles and other features that indicate a correctly issued license.

**Vertical License:** License that is in a "portrait" format, usually used for minor's ID cards.

All valid licenses are shown in the Guide. Licenses that were previously issued will continue to be shown until all of those licenses are no longer valid in use. Special licenses (restricted use, school bus, etc.) are not shown. Administrators' name changes are not always shown.

Physical characteristics of the licenses are described, including the issuing agency's policy on laminations, specific state seals and identifying techniques.

**Three Types of Fraud to Control**
ID fraud will usually involve one of these problems:

1. **Counterfeit licenses:** These are licenses that are completely different from the actual, valid license. They may be designed to look "official" or they may follow a familiar, earlier license style.

2. **Altered licenses:** Additions and changes are often made to an actual, valid license, or a photograph of a valid license. This type of fraud is used by minors for liquor purchase, by credit card defrauders who need supporting ID, and others involved in identity change efforts.

**Checking Driver's Licenses**
The Guide controls alterations by providing specific details of the licensing agency's policy. Laminations are applied by the state for protective purposes; unauthorized laminations may be done to hide alterations and should always be suspect. Coded license numbers expose inconsistencies when checked against birth date, name, or other data on the license.

3. **Forged licenses:** When alterations are combined with forgery of the license (usually adding a new photograph), the Guide can offer even more check points. Fraud can be detected by checking for raised edges around the photograph, unauthorized lamination, a broken or partial signature and missing or partial state seals at photo edge.

**More Sophisticated Forgeries**
The great majority of fraudulent ID involves techniques that can be readily spotted by appropriate use of the Guide. Where a question remains on a particular ID, there are several reliable techniques for your protection:

- Ask the person to state his address or other information on the license. Ask to see a supporting document that is more than a year old. Compare the person's signature to the one on the license. Check the license's expiration date. Examine the license for evidence of tampering. Check ultraviolet or other security features.

**Soundex System**
The Soundex System assigns license number groups with similar-sounding letters and assigns a number to each group.

1. **Letters**

Minor's license: Beginning July 2000, vertical format, "INTERMEDIATE LICENSE" in red below state motto and "UNDER 18 UNTIL (date)" in red to right of photo image for ages 15-17 (or under 18 statement alone may be seen); "UNDER 21 UNTIL (date)" to right of photo for ages 18-21. Prior to that date, "UNDER 21 UNTIL (year)" in red above photo.

Validation: Repetitive holographic pattern of state seal and outline along with ghost photo image; state seal overlapping or close to the photo edge; commissioner's signature above photo.

License number: Social Security number or assigned number, driver's option. Assigned numbers may be 000 or 001 followed by 6 digits, or 800 or 900 followed by 6 digits.

License term: 4 years, expiring on birthday. Drivers under 18 receive licenses valid for one year or until their next birthday.

INSTA-CHECK
• Look for ghost photo image in data area.

MISSOURI

Description: Flexible with 3M retroreflective covering. Current license has magnetic stripe on back. However, as of 11/2000, Missouri is not encoding data on magnetic stripe. Current CDL has shaded green "MISSOURI" with "COMMERCIAL DRIVER LICENSE" below. Prior issue shows "CDL" in green heading.

Minor's license: Effective January 2001, "Intermediate License" issued to drivers between 16 and 18 (in some cases 21), good for 2 years. Has photo on left, purple header, "INTERMEDIATE" printed diagonally across form, under 21 statement at top, shows class "F" and restriction "I." Current format standard minor's license: Photo on left and at top printed in red next to heading "Under 21 Until XX-XX-XXXX." Previous issue: Large red phantom letters reading "MINOR" are stamped diagonally across center of license.

Validation: Current license: State seals repeat across bottom of license. Also, outline of state with "MISSOURI" running through the outline in UV ink. Prior issue: Webbed security background with state seal in data area; pattern of state seals that appears randomly over face of license can be seen with viewer.

License number: Social Security number or assigned number of 1 letter and up to 9 digits for non-CDL; CDL assigned number is 9 digits. Effective July 2000, CDL number has same configuration as operator license.

License term: Effective July 2000, new licenses are valid for 6 years, if driver between 21 and 69, all others 3 years, expiring on birthday; renewals either 3 or 6 years, expiring on birthday. Prior to that date, licenses expire 3 years from date of issue. Intermediate license good for 2 years.

**NEBRASKA**

**Description:** Photographic; encased in plastic. CDL shown by “COMMERCIAL/DRIVER’S LICENSE” above photo.

**Minor’s license:** Beginning September 1999, all licenses issued to minors have a red photo backdrop and “UNDER 21” down each side and on the back. Blue “MINOR” stickers, begun in September 1997, are no longer issued. Drivers between 16 and 18 are issued a “Provisional Operator’s Permit” (which was begun in January 1999) with a red (current) or blue photo backdrop.

**Validation:** State seal and 3-digit serial number below state seal both overlap photo. Laminant contains a box with “BUCKLE UP (with or without) NEBRASKA” and “DON’T DRINK AND DRIVE” over data portion.

**License number:** H, V, G, E, C, B, or A followed by up to 8 numbers, not spaced, not coded.

**License term:** Up to 5 years, expiring on birthday in the 5th year after issuance, making the license good for up to 5 years 11 months. (Prior to January 1999, licenses generally issued for 4 years.) Beginning September 1998, license can be extended up to driver’s birth date in 2003 with an extension sticker attached to back of expired license.

**CURRENT LICENSE; VALID IN 2002**

Some licenses may show “OPERATOR’S LICENSE” in place of “OPERATORS LICENSE”; asterisks may appear before driver’s name.
NEVADA

Description: Proposed license is digitized with graphic at top, 2D bar code on back. Current license is encased in plastic; Social Security number may appear to right of license number. On proposed license, "COMMERCIAL DRIVER LICENSE" in gold headbar. Current license identifies commercial license in headbar.

Minor's license: Proposed license in vertical format with yellow bar above heading showing "UNDER 21 until (date)" or "UNDER 18 until (date)." Current license: Headbar reads "MINOR DRIVER (UNDER 21)" (yellow background with red print) or "MINOR DRIVER (UNDER 18)" (teal background with yellow print); profile photo and "NEVADA UNDER 21" repeated in laminate in gold capital letters, the only feature used before April 1998.

Validation: Proposed license: Row of state seals in silver on laminate at bottom of license. Current license: Gold state seal repeated across face of license (or "NEVADA UNDER 21" if under 21); state seal overlaps photo.

License number: Beginning January 1, 1998, 10 numbers, with the first two numbers identifying the issuing office, the rest uncoded. Prior to that date, number is a unique 12-digit number derived from Social Security number where the last two digits are year of birth; or an assigned unique number which begins with "X," followed by 8 digits for a total of 9 characters, and does not end with the year of birth.

License term: 4 years, expiring on birthday. Renewal sticker carried with expired license extends term for 4 years, for non-CDL only. One-year license with 3 1-year extensions available to international students and teachers.

CURRENT LICENSE; VALID IN 2002*

*License can be extended 4 years with extension sticker, non-CDL only.

Description: Current license is digitized with ghost photo image; bar code appears on back. Prior license is laminated, enclosed in plastic. Older issues of prior format omit "POWER OF ATTORNEY" and "LIVING WILL" data fields. May show variations in governor's name. CDL designated by "COMMERCIAL DRIVER LICENSE" in gold header.

Minor's license: Current license: "00/00/0000 (actual date) 21st BIRTHDAY" below heading, "UNDER 21" within photo and phantom numbers of year of 21st birthday below data field, dates of 18th and 21st birthdays listed on back. Current license uses red heading for under 21, green if restricted. Prior license: "00/00/00 (actual date) 21st BIRTHDAY" below heading, "UNDER 21" above photo and phantom numbers of year of 21st birthday below data field. In addition, prior license also has red header for under 21, green if restricted (indicated by "R" in restriction field).

Validation: Current license repeats state name in stylized script across license face that reacts to UV light. Prior license has large, plain rectangular hologram with "SD" in it.

License number: Social Security number or 8-digit assigned number.

License term: Up to 5 years, 7 months (this includes allowance for renewal 6 months early and 1-month grace period after expiration). Under 21 license expires 30 days after 21st birthday.

CURRENT LICENSE; VALID IN 2002

*License number may be driver's unhyphenated Social Security number, or eight-digit number as shown. Governor's name may differ.

UV

*Sky headbar may appear lighter blue; both photo backgrounds may appear lighter blue than shown.
TENNESSEE

Description: Current photo license is durable card; prior license is laminated. Both licenses have “TENNESSEE” and state seals replacing over face of license. Non-photo license (see page 57) may be plastic or paper stock. Commercial Driver License” below heading for current photo format. Non-photo CDL not issued.

Minor’s license: Current license; Red heading with “Driver License” under state heading, large “UNDER 21” opposite license number, red frame around photo with “UNDER 21 until (date)” to right of photo. Prior photo license uses red band under heading with “UNDER-21 DRIVER LICENSE,” red photo backdrop, red 21st birthday box and “UNDER 21” on front and back of laminate.

Validation: Current license: Driver’s ghost photo image at far right; state seal and “TENNESSEE” repeat across front of license. Prior license: State district and camera number on bottom of photo edge. Plastic license on page 57 displays division logo or a state seal in upper left corner, and paper version of this format shows a state seal.

License number: 8 or 9 digits (beginning 2002), unspaced and uncoded.

License term: 3-7 years, expiring on birthday. 5 years for renewals. Photo licenses may be extended 5 years with accompanying sticker.

(TENNESSEE)

PRIOR LICENSE; VALID IN 2002*

*Beginning January 1, 1993, newest issues show Social Security number data field in place of audit number; may state “BIRTH DATE” in place of “DATE OF BIRTH.” Beginning June 1993, vertical red control number is not visible on document.

CURRENT LICENSE; VALID IN 2002*

*New license may be available in late 2002.

Social Security number may or may not appear.

Photo licenses may be extended 5 years with accompanying sticker.

TEXAS

Description: Two latest issues are plastic, encased in polyester with magnetic stripe and bar code on back. Older issues are laminated. CDL prints “COMMERCIAL DRIVER LICENSE” in brown for two latest issues, in red for previous ones. Some variations may occur in the location of data fields on prior formats.

Minor’s license: Current license is issued in a vertical format with “UNDER 21 DRIVER LICENSE” and “UNDER 21 UNTIL (date)” at top. Prior plastic license has photo on left with same words as above. Other previous issues have “UNDER 21” in red phantom letters across license front. Drivers under 18 are “PROVISIONAL” shown by purple print on plastic licenses (earlier one with 45 profile photo) and in red print on others.

Validation: Both plastic licenses have security laminate repeating “TEXAS” in metallic ink that reacts to UV light, director’s signature and audit number around photo. Prior licenses have seals embedded in laminate, green state seal overlapping photo and director’s signature.

License number: 8 digits, unspaced, uncoded.

License term: Beginning April 1998, license term is 4, 5, or 6 years, expiring on birthday. Early renewal option can increase term to up to 7 years. Before that date, 4 years. Under 18 drivers have one-year term, expiring on next birthday. License may be extended 4, 5, or 6 years with accompanying sticker.

**Utah**

**Description:** Current license: Durable plastic card with scenic backdrop and ghost photo image; 2 bar codes on back. "Commercial Driver License" printed vertically at left for CDL. Prior license: Photographic, enclosed in plastic. License prints "COMMERCIAL DRIVER LICENSE" and purple heading for CDL.

**Minor's license:** Current license: When applicable, prints "Under 21 Until (date)" in red print and "Under 19 Until (date)" in blue print above photo. Prior license: Green headbar and "UNDER 21" in box at top corner for drivers under 21 and "MINOR" above name. (CDL has purple "MINOR" in top right box.)

**Validation:** Current license: Optical variable device of all Utah county names; ghost photo image, multiple state seals across license in UV ink. Prior license: Gold state seal in data area, commissioner's signature next to or overlapping photo, and gold "UTAH" repeated on laminate.

**License number:** 4 to 9 digits, unspaced, uncoded.

**License term:** 5 years, expiring on birthday. Certificate of extension can extend license for one 5-year term, prior license only.

---

**Vermont**

**Description:** Photo licenses are encased in plastic. Current license may or may not have magnetic stripe on back. "COMMERCIAL DRIVER'S LICENSE" in blue bar designates CDL. Non-photo operator's license is thin plastic with green background (see page 58). Variations in organ donor statements appear.

**Minor's license:** Under 18 indicated by "JUNIOR OPERATOR" in orange (current) or yellow (prior) headbar on photo licenses. Beginning October 2000, drivers 18-21 years receive a license with a plum-colored headbar. Current minor's license also prints "NOT 21 UNTIL (date)" in red below photo. Non-photo license is yellow and titled "JUNIOR OPERATOR'S LICENSE."

**Validation:** Current photo license has ghost photo image, mountain scene and multicolored state seal. Prior photo license has state seal and commissioner's signature overlapping photo. Plastic non-photo license has 13-digit assigned number in validation box.

**License number:** Eight characters, either all numbers or 7 numbers and one letter, all unspaced and uncoded.

**License term:** 2 or 4 years, expiring on birthday with a 2-week grace period.

**Related:**

- **Prior License:** Valid in 2002.
- **Current License:** Valid in 2002.

*Variations in Commissioner's name may appear. May or may not have magnetic stripe on back.*
VIRGINIA

Description: Current license has security laminate; two bar codes on back. Prior license is laminated with security feature; bar code on back. CDL is shown by “COMMERCIAL DRIVER (or DRIVER’S) LICENSE” below heading.

Minor’s license: Current license is in vertical format with red outline around full-face photo; under 18 and under 21 notations in red also appear. Prior format shows under 21 drivers with left profile photo. Also prints under 21 notation in red.

Validation: Current license uses security image of state outline and name repeating across license front. Prior license is laminated, has security image with commissioner’s signature; state seal at bottom right corner; ghost photo image of driver.

License number: Social Security number or an alternate number beginning with A, R, or T plus 8 digits.

License term: Licenses are usually valid for 5 years, expiring on the last day of the birth month in the year the licensee’s age is evenly divisible by 5. Initial licenses may be valid for 3-7 years.

WASHINGTON

Description: Current license: Digital, with scenic image on front and 2 bar codes on back. Prior license: Photographic; laminated. Variations in thickness of black line below state name may appear. Positioning of driver’s name and address fields may vary. CDL designation appears in CDL field on both formats.

Minor’s license: Current license is in a vertical format; date when driver turns 18 (if applicable) and 21 is shown to left of photo. Beginning 07/01, Intermediate license is issued to all-time licensees age 16-17 with “INTERMEDIATE LICENSE” in heading. Prior format prints “NOT 21 UNTIL (date)” on yellow band above name.

Validation: Current license: Optical variable device of state name across license; state seal across license that can be seen under UV light. Prior license repeats gold “WASHINGTON” in laminate, separated by gold Washington state seal, with part of state name slightly overlapping photo area.

License number: 7 letters and 5 characters, coded as follows: first 5 letters of last name, first and middle initials, year of birth subtracted from 100, plus special codes.

License term: 5 years beginning 07/00, expiring on birthday. Prior to that date, 4 years. Effective July 2000-June 2005, extension stickers will be in use to bring all licenses to a 5-year term, prior license only.

*License can be extended for 1-4 years with sticker placed on back of license.

Social Security
The first 3 digits of the number are determined by the Zip Code of the mailing address shown on the application for a number. Listed below are numbers assigned to each issuing state. The same area, shown more than once, signifies that certain numbers have been transferred to another state, or that an area has been divided for use among certain geographic locations. The 2 digits following state number represent the group number, followed by a 4-digit serial number. No SSN has ever been issued with a 00 group number or a 0000 serial number. Therefore, a card showing these numbers would be fraudulent.

ALBERTA

Description: Plastic, durable card with bar code on front and back. May omit driver’s birth date in photo area.

Minor’s license: License prints “UNDER 18 Until YYYY/MM/DD” in blue bar at right. Also, first-time drivers of any age receive photo license that prints “PROBATIONARY DRIVER” below the license number. Probationary period is for two years.

Validation: Registrar’s signature on back of card.

License number: Up to 9 digits, uncoded.

License term: Generally 5 years, expiring on birthday, although some licenses can be good for up to 6 years. Probationary license period is for 2 years, but card remains valid for 5 years.

BRITISH COLUMBIA

Description: The current format is a non-embossed durable card with hologram; magnetic stripe and bar code on back. Prior to September 2000, large 2-digit year of birth on left does not appear, and agency address is in smaller type. Prior format is photographic, encased in plastic. Some issues include small black provincial seal above photo and the words “SUPT. MOTOR VEHICLES” plus administrator’s name.

Minor’s license: Beginning August 1998, graduated licensing program implemented for new drivers: Class 7, LDL, for first-time drivers (with red header) is a one-year learner’s license. Class 7, NDL, with a green header is a 5-year novice driver’s license. Prior to above date, first-time drivers are issued a 2-year class 1-6 driver’s license.

Validation: Current license: Holographic overlay of crest and provincial name. Microprinting “British Columbia” repeats under color bar at top of card on one line. Prior license: Laminate with “BRITISH COLUMBIA” in metallic film over data area and metallic crest overlapping photo.

License number: 7 digits, unspaced, not coded.

License term: Prior to August 1998, all new drivers are issued a 2-year license. Renewals are issued for 5 years. After that date, all licenses are issued for 5 years. (See under minor’s license for other distinctions.)

CURRENT LICENSE; VALID IN 2002

“License without date of birth in photo area also valid.

BRITISH COLUMBIA DRIVER’S LICENCE

PRIOR LICENSE; VALID IN 2002
'May include small black provincial seal above photo and the words “SUPT. MOTOR VEHICLES” plus administrator’s name.'
MANITOBA

Description: 2-part license: photo card plus paper portion, which has fold-back sections.

Minor's license: On photo card, year that driver becomes 18 appears in large phantom letters behind name and signature area; exact date of 18th birthday appears above license number.

Validation: Validated either by sticker (as shown) or document may have a blank space. (Note: If document says void unless validated, it has not been validated.) Paper portion fluoresces under UV light. Photo portion has provincial name and bison in UV ink.

License number: Computer assigned as follows: first 5 letters of last name using asterisks if necessary, first and middle initials; birth year subtracted from 100; check digit; code for day and month of birth.

License term: One year, expiring on last day of birth month. Photo card is valid for up to 4 years.

NEW BRUNSWICK

Description: Photo licenses are rigid plastic cards with a holographic overlay on front; bar code (current license) and magnetic stripe on back. Box and signature of Registrar may or may not appear at bottom right. Paper license is thin paper stock; not laminated, with fold-back portions.

Minor's license: Current license prints on back “Not 19 Until (date).” Older formats identify minors by birth date only.

Validation: Photo licenses have a holographic overlay of gallonage, shown in two sizes. Current photo license feels thick (it contains a thin overlay on back). Paper issue has Registrar’s preprinted signature on sticker or validating sticker with Registrar’s signature.

License number: Up to 7 characters, not coded.

License term: Valid up to 4 years, expiring on birth date.

Prior licenses; Valid in 2002

Type style may vary on non-photo portion.

Current 2-part license; Valid in 2002

*See above text for acceptable means of validation.

Current license; Valid in 2002*

*Box above multicolored gallon showing date of next medical may or may not appear. Box and signature of Registrar may or may not appear.
NEWFOUNDLAND AND LABRADOR

Description: Licenses are rigid plastic cards with a holographic overlay; magnetic stripe on back.

Minor's license: "NOT 19 UNTIL (date)" appears in white letters on left side, embedded in the photo. Some earlier issues show "Under 19 Years of Age Until (date)" printed in red at bottom.

Validation: Holographic overlay of provincial name and crest.

License number: Ten characters, coded as follows:
- D = first letter of last name
- 800201 = birth date (year, month, day)
- 022 = control digits

License term: Beginning in 1999, license is valid for 60 to 71 months, expiring on birthday. Prior to that date, license is valid from 12 to 60 months.

NOVA SCOTIA

Description: Photographic; laminated. Magnetic stripe appears on back. Older versions of the prior issue include registrar's name and signature at bottom right; use a different security strip with provincial crest overlapping photo; show customer's name less bold and in smaller print.

Minor's license: License prints "UNDER 19 UNTIL (date)" on front. Blue "N" above expiry date signifies a newly licensed driver.

Validation: The current license repeats "NOVA SCOTIA" diagonally in security laminate that reacts to UV light; ghost photo image and small Canadian flag at bottom right. Prior license shows a hologram of "Nova Scotia" above provincial crest within a large "X"; versions of this issue show security strip containing the provincial crest overlapping photo.

License number: Coded as follows:
- First 5 letters = first 5 letters of last name
- Next 6 digits = day, month, year of birth
- Final digits = office codes

License term: Licenses are valid up to 5 years, expiring on birthday, formerly, expiring at end of birth month.

INSTA-CHECK
- First 5 letters of last name and license number should match.
ONTARIO

Description: Current card is plastic with holographic overlay. Bar code and magnetic stripe appear on back. Prior format is a 2-part license. Minister’s signature may or may not appear on both parts, and heavy black bars may not be present.

Minor’s license: Current format uses blue bar under photo if driver has less than 4 years of driving experience (not based on age). Prior license uses date of birth.

Validation: Current issue uses holographic overlay, micro- and rainbow printing. Previous license uses provincial crest and computer type style.

License number: Coded as follows:
P = first letter of last name
9030 = code for last name
3847 = first name and middle initial
5-4 = year of birth
5218 = month, day of birth (females have 50 added to birth month number)

License term: Up to 6 years, usually expiring on birthday. Maximum 7 years during phase-in period of changing license term from 3 to 5 years. Photo card valid up to 7 years. (Maximum 8 years during phase-in period.) 90-day to 6-month extensions available. Under limited circumstances, license can be extended for 5 years.

PRINCE EDWARD ISLAND

Description: Plastic with a holographic overlay of the provincial floral emblem repeated in laminate.

License number: 1-6 digits, not coded.

License term: 3 years, expiring on birthday. Drivers temporarily out of province receive a 6-month license with “Temporary License” in place of photo.

Validation: Provincial emblem repeated horizontally, which reacts to UV light.

INSTA-CHECK

- Look for floral emblem repeating on laminate.
QUEBEC

Description: Current license is a durable card with bar code on back. Prior license: Encased in plastic. Some issues may have extremely prominent security pattern.

Minor's license: First-time drivers under 25 are issued a probationary license, good for 2 years. Licenses are identical to standard format except have red heading “Permis Probatoire” (in caps for prior license).

Validation: Fleur-de-lys hologram with repeating “Québec”; department logo visible under UV light.

License number: Soundex system as follows:
- L = first letter of last name
- 1531 = coding of last name, first name
- 171266 = day, month, year of birth

Military Extension Policies

Procedures for military extensions apply to residents who are out of their state or province on active military duty. Where automatic extensions are allowed, two qualifying rules apply: the license had to be current at the time of entering service, and proof of active duty must be carried with the license.

Alabama: No extension. Renewal by mail permitted.

Alaska: Effective 6-97, automatic extension for non-commercial driver’s license valid for 90 days after discharge or return to the state, whichever occurs first.

Arizona: Automatic extension valid for 180 days after discharge, with notification of active duty status to MVD.

Arkansas: Extension granted on request; form attaches to expired license. Expires 30 days after first tour of active duty (maximum 6 years).

California: Automatic extension valid for 30 days after discharge or return to state. Form DL 236 available to military, but not required.

Colorado: License automatically extended when carried with valid military ID, Form DR 2639 is available by mail; it extends license 3 years or 90 days after return to state, whichever occurs first.

Connecticut: No automatic extension. Mail renewal available.

Delaware: No automatic extension. Renewal by mail is available.

District of Columbia: No automatic extension. Absentee permits are available for a fee (renewal $30, duplicates $5) upon request.

Florida: Effective 7-1-95, automatic extension for military personnel and dependents valid for 90 days following discharge or return to state.

Georgia: No automatic extension. Renewal by mail is available.

Hawaii: No automatic extension. Renewal by mail available. Active duty military personnel receive “VALID WITHOUT PHOTO” license if photo cannot be retrieved from system.

Idaho: No automatic extension. Active U.S. military and dependents may obtain multiple 4-year extensions by mail. (Previously 3-year extensions.)

Illinois: License for military personnel and dependents is valid for duration of military service and 45 days thereafter. May obtain deferred expiration license or renew by mail. Mail renewals state “VALID WITHOUT SIGNATURE AND PHOTO” or “VALID WITHOUT PHOTO” if a digital image is not on file.

Indiana: Automatic extension valid after 90 days following discharge. Dependents do not qualify.

Iowa: Automatic extension valid for 6 months after discharge. Spouses and children also qualify for 5-year extension.

Kansas: No automatic extension. Renewal by mail is available (issued with “VALID WITHOUT PHOTO”).

Kentucky: No automatic extension. Renewal by mail is available. Renewal available within 90 days after return to U.S. without testing.

Louisiana: Automatic extension valid for 60 days after discharge.

Maine: “K” in endorsements box extends license until 30 days after discharge.

Maryland: Automatic extension for military personnel and dependents absent from state. Extension expires 30 days after return to state or discharge, whichever occurs first.

Massachusetts: Automatic extension valid for 60 days after honorable discharge.

Michigan: Automatic extension valid until first return to Michigan or 30 days after discharge. Mail renewal also available.

Minnesota: Automatic extension valid for 90 days following discharge. Spouses included if out of state when licenses expire.

Mississippi: Automatic extension valid for 90 days after discharge or return to state.

Missouri: No automatic extension. Mail renewal available. Have up to 60 days after discharge to renew without reexamination.

Montana: Automatic extension valid for 30 days after discharge. Licensee must carry military renewal sticker or proof of active duty. (Expiration may show 9’s.)

Nebraska: Automatic extension for service personnel and dependents valid for 60 days after discharge or return to state. Form DMV 07-08 available if desired, but proof of military status required.

Nevada: No automatic extension. Mail renewal available as “VALID WITHOUT PHOTO” only.

New Hampshire: No automatic extension. Mail renewal available.

New Jersey: No automatic extension. Mail renewal available.

New Mexico: No automatic extension. Mail renewal available.

New York: Automatic extension valid until 6 months after separation. Must file an MV-75.

North Carolina: No automatic extension. Mail renewal available.

North Dakota: Automatic extension valid for 30 days after discharge. Mail renewal available in the form of one extension good for one 4-year term.

Ohio: Valid for renewal purposes up to 6 months after discharge. On active duty, expired license is valid for driving purposes while on leave or furlough.

Oklahoma: If on active duty outside continental limits, license is automatically extended with no charge for the duration of service of military personnel and their spouse and for 60 days from and after return to the continental limits of the U.S. Mail renewals available up to 3 years after expiration date.

Oregon: No automatic extension. Renewal by mail available. May be renewed up to 6 months after discharge without retaking test.

Pennsylvania: Automatic extension valid during active duty and up to 45 days following discharge or return to state. Spouses and dependents also qualify.

Rhode Island: No automatic extension. Military personnel may apply for a “Special Operator’s License” valid until 30 days after discharge.

South Carolina: Automatic extension valid during active duty and up to 60 days following discharge or return to state. Also valid for spouse and dependents.

South Dakota: Automatic extension valid during active duty and for 30 days after return to state. Can receive license with condition code 30. Expiration box shows “00 00 00” and license expires 60 days after honorable discharge or reassignment to the state.

Texas: Automatic extension valid during active duty and for 90 days after honorable discharge or return to Texas. (May receive “NON-PHOTO” renewal by mail or form LDR-9 to explain policy.)

Utah: Automatic extension valid for up to 90 days after discharge, if on active duty and stationed out of state.

Vermont: Automatic extension for up to 3 years or 30 days after discharge, whichever comes first.

Virginia: Extension granted on request. License expires upon return to state or after 5 years, whichever occurs first.

Washington: Automatic extension, which expires 90 days after discharge.

West Virginia: Automatic extension valid for 6 months after honorable discharge.

Wisconsin: Automatic extension valid for 30 days after license returns to state or 90 days after discharge, whichever comes first. Mail renewal available.

Wyoming: No automatic extension. Mail renewal available, as are 4-year extensions.

Canadian Provinces: No automatic extensions. Renewal by mail is permitted.

There is a hologram on the face of the card with interlocking globes showing the continents, which should appear three dimensional and move when the card is tilted. The word "MasterCard" will appear in the background of the hologram. The letters "MC" are micro-engraved around the two rings. As of January 1, 1997, all cards must have a security character to right of valid dates. "MasterCard" may have a shadow at back. After January 1, 1999, the first 4 digits of account number should be preprinted on plastic. On the reverse, the word "MasterCard" is printed in multi-colors at a 45° angle on a tamper-evident signature panel. The 16-digit account number is indent printed in reverse italics on the signature panel and is followed by a 3-digit card validation code (CVV2). In addition to the standard card, a (silver) MasterCard Business Card is issued, as well as a Gold, Platinum, and a MasterCard Purchasing Card, Debit Card and Fleet cards.

All VISA cards should have an area on the right of the card that contains both the hologram of the VISA logo and the VISA logo. The image of the dove should appear three-dimensional and move when the card is tilted in the light. All VISA account numbers begin with a 4. The embossing should be clear and uniform in size and spacing. The last grouping of the embossed digits should extend into the hologram. A printed 4-digit number appears above or below the embossed account number and should match the first 4 digits of the embossed number.

VISA cards have a stylized "V" embossed on the line next to the valid date.
The "Authorized Signature" panel on the back of the card should be white with the word "VISA" repeated in a diagonal pattern in blue and gold print. The Card Verification Value 2 (CVV2) is a 3-digit value printed in the signature panel on the back after the account number.
